

## **Necessary documents for applying for a long-term (national) visa for study applicants for non-Turkish citizens (last updated: February 2022)**

**Please print out this information sheet, cross off the documents you have prepared and bring the information sheet with you to your application.**

### **What is a visa for study applicants?**

A visa for study applicants allows you to stay in Germany in order to look for a study place for a maximum of 9 months. Among other things it is required that you have the basic educational and language requirements and that you can independently secure your livelihood for the entire duration of planned stay. The residence permit does not permit gainful employment. If you are admitted to a university in Germany during your stay as a study applicant, you can use the residence title to apply for a residence permit for your studies at the competent aliens' authority without having to leave Germany again. If you have to attend a language course before you can start your studies, please apply for a visa for a language course preparing for your studies.

### **How and where do I apply for the visa?**

You can find all information on that in the general information sheet on national visa on the homepage of the German foreign missions in Turkey: <https://tuerkei.diplo.de/tr-de/service/05-VisaEinreise/-/2170670>

### **How does the application procedure work?**

Please come on time and in person to your appointment. Each family member applying for a visa must be there in person. Please bring all your documents with you. The staff at the visa section will accept your application documents and the fee, ask you questions about the planned stay and record your fingerprints. The staff speaks Turkish, Arabic, German or English. If you do not speak any of these languages very well, you must bring an interpreter with you. Please note that close family members (spouse, children) are not accepted as interpreters.
