

Necessary documents for the application of a national visa for a visa to look for a vocational training position for non-Turkish nationals (last updated: December 2022)

Please print out this information sheet, cross off the documents you have prepared and bring the information sheet with you to your application.

How and where do I apply for the visa?

You can find all information on that in the general information sheet on national visa on the homepage of the German foreign missions in Turkey: <https://tuerkei.diplo.de/tr-de/service/05-VisaEinreise/-/2170670>

How does the application procedure work?

Please come on time and in person to your appointment. Each family member applying for a visa must be there in person. Please bring all your documents with you. The staff at the visa section will accept your application documents and the fee, ask you questions about the planned stay and record your fingerprints. The staff speaks Turkish, Arabic, German or English. If you do not speak any of these languages very well, you must bring an interpreter with you. Please note that close family members (spouse, children) are not accepted as interpreters.

IMPORTANT NOTES!

- Please note that in order to apply for a visa to search a trainee position you must not be older than 25 years.
- Please note that a visa to search a trainee position does not entitle you to take up gainful employment. This prohibition also includes internships. If you have found a job during the current visa validity period, please apply for the necessary residence permit at the competent immigration office in Germany
- Please note that it is not legally possible for family members to join you if you have a visa to look for a vocational training position. If you have found a position in Germany with the visa you have been granted, your family members can submit the corresponding applications for family reunion as soon as you have received the necessary residence permit from the Aliens Department. A legal entitlement to family reunification exists only for the spouse and under-age unmarried children.

The submission of complete documents does not constitute a claim to the issue of a visa, but enables the visa office to check the legal requirements. In individual cases, further documents not mentioned on the information sheets may also be required. You will be informed about this after the application has been submitted and will be given a reasonable period of time to submit them.

Detailed information on the procedure, in particular on the further course of the procedure, the regular processing times and the form of the documents to be submitted can be found on the detailed information sheet for national visa applications by non-Turkish nationals on our website: <https://tuerkei.diplo.de/tr-de/service/05-VisaEinreise/-/2170670>
